

# FIND THE RIGHT EQUIPMENT TYPE FOR EVERY LOAD

More equipment types. More coverage. You can now post loads for cargo & sprinter vans, hotshots, box trucks, and more in DAT One

## Finding the right carriers for your loads just got easier

- DAT One now supports a variety of specialty equipment types.
- Easier, more precise load posting for brokers.
- Better matches with the right carriers to safely haul specialty freight.

## What this means for you

Connect with specialized carriers faster.

Increase load visibility and booking success.

Improve safety and compliance on every haul.

Help grow a thriving specialty equipment network.

**Ready to get started? Visit DAT One to start posting new equipment types, including:**
